Ink Tanks for Sublimation**

Modified EPSON Printer

LASERTECH

Problem with Colors ? Lets make it simple....!!!

DESIGNED FOR PERFORMANCE, EPSON Genuine Ink Sublimation

The Epson SureColor F-series is Epson's next generation of high-performance dye-sublimation transfer printers. Incorporating the latest advancements in printing technology which include Epson's exclusive PrecisionCore™ TFP printhead and the all new high-density black ink, the SureColor F-series delivers amazing performance at affordable running costs. The F6270 is designed for sheet production, ideal for short-volume dye-sublimation transfer printing of custom clothing, soft signage, merchandise and hard surface work. The F7270 is designed for roll-based production, ideal for short to medium-volume roll-to-roll custom fabric, textile and soft signage.
